UPLAND, CALIFORNIA, FRIDAY, AUGUST 30, 1929.—8 PAGES.

NO. 32.

2000 CARLOADS NET 25 PER CENT GAIN IN RETURNS

Lemon Growers End Best Year
in History on Saturday;
Elect in November

75 BELONG TO GROUP

Increased Yield Provides
Work For Hundreds
During Year

With an increase of approximately 40 per cent in production and approximately 25 per cent in financial returns, the Upland Lemon Growers' association closes its greatest year in history Saturday night.

Picking 2000 carloads of lemons this year as compared with 1200 cars in previous record years, the 1929 season sets a record that may stand for years.

Prospects are bright for next year, but according to L. R. Bradley, manager, the production will not be as heavy as the past season.

In returns, the checks coming to the Upland growers are nearly one-fourth larger than they have ever been before. Approximately 75 grove owners will reap the benefits of the fine market and record production. Sixteen hundred acres belong to the association.

In addition to the growers, hundreds of other local people share in the returns due to the increased work. For several weeks, the association conducted two shifts of packers and throughout the year work has been given to more persons than ever.

While the official year closes September 1, the annual meeting of the association will not be held until November 7.

Methodist Choir Presents Members in Organ Recital

An organ recital which promises to be a real musical treat will be given Tuesday evening beginning at 8:15 at the Upland Presbyterian church when the choir of the Upland Methodist church presents Miss Martha Staveland, organist, assisted by Mrs. Ralph Wilson, soprano, and Mrs. Wilbur Dundas, pianist.

The concert will be given in benefit of the organ fund of the Methodist church.

Miss Staveland, daughter of the Rev. and Mrs. James A. Staveland, is an accomplished musician, having received her degree from the college of music at the Redlands university. She has had special training in pipe organ and has given several successful recitals. Mrs. Wilson and Mrs. Dundas are well known local musicians and their appearance will add much to the program, which will be given as follows:

- Toccata and Fugue in D Minor..... Bach
- Canon in B Minor.....Schumann
- A Birthday Song.....MacFadden
- The Girl With the Flaxen Hair.....Debussy
- Clair de Lune.....Karg-Elert
- Choral in A Minor.....Franck
- Love's Epitome.....Salter
- Since First I Met Thee In the Garden.....She Is Mine
- Dear Hand Requiem.....
- Finale from Concerto Gregoriano.....Yon
- Piano Part Played by Mrs. Dundas

Upland Boy Receives Letter Off Zeppelin

William Hawkinson, son of Mr. and Mrs. H. W. Hawkinson, West Tenth street, is the proud possessor of a letter which flew around the world on the Graf Zeppelin, the missile having been mailed in New York by the lad's uncle. The postage required to carry the letter on its long trip was seven 50-cent stamps and one 5-cent stamp.

The letter was post-marked at Lakehurst and above the address are the words "par avion."

On one end is the big red air-mail seal with the words "First Round-the-World Flight—U. S. Airmail," while inside the circle are the names Lakehurst, Friedrichshafen, Tokio, Los Angeles.

The letter was a pleasant surprise for William and is attracting much attention among his friends.

15,000 More Trout Placed Near City

Fifteen thousand more fish are today in nearby streams, and the hope of those placing them there is that they will grow rapidly and get on somebody's line next spring.

The San Antonio canyon stream gets 6000 and Ice House resort gets 9000. This "crop" makes the total number planted this month 45,000, the others being placed here earlier in the month.

Izaak Walton league working with the state and other interests is in charge of the distribution and is responsible for the trout being placed so handily for local sportsmen.

Indications are that other fish will be placed here and if so, the "crop" this year will be larger than ever given local streams.

WATER MEETING TO BRING MANY

Metropolitan District Will
Be Discussed by Expert
Here Thursday

Uplanders are going to throng to the Upland Grammar school at 8 o'clock next Thursday when J. Hunter Clark, Los Angeles engineer, speaks on the Metropolitan Water district act, according to indications today.

The speaker is scheduled to tell the story of the act, what it means to the city and how it will affect all Uplanders, and his address will give local taxpayers an opportunity to get authentic information concerning the project.

The chamber of commerce, in arranging for the meeting, sought to bring together all the interests so that in the future the question could be studied more intelligently. This civic group has taken no action and is merely holding the meeting to inform the public.

Upland may be given an opportunity to join the district. The chamber officials have expressed the desire that following the meeting the people will express their views so that the general sentiment can be known.

Upland Man Meets Premier Mussolini On Visit in Rome

John D. Howe, who is one of the American delegates to the Fidac congress at Belgrade, with Mrs. Howe, has been "seeing the sights" in Italy and has been accorded much publicity through the press representatives. The Los Angeles Examiner of Aug. 26 carried a Universal Service special cable story written by Prince Pignatelli dated Rome, Aug. 25, as follows:

"Please meet the lemon king," said Mrs. Julia Wheelock, commander of the American Legion in Italy, to Premier Mussolini last week as she introduced John D. Howe of Upland, California, U. S. A., vice-president of the Upland Lemon Growers' association and now a member of the American Legion's mission to the Belgrade Congress.

Premier Mussolini received the members of the American mission before they were the recipients of an official reception from the governor of Rome.

Uplanders to Shoot Doves September 1

September 1 means a lot to some people besides the first of the month. Dove season opens on that date and as indicated by the large demand for hunting licenses, Uplanders are going to be after the birds bright and early.

Reports from the local sporting goods stores are to the effect that in larger numbers than ever local sportsmen are getting ready for the season opener. Doves are said to be plentiful in this district. The season will continue until November 1.

Fire Boys Starting Annual Picnic Tonight

Tonight marks the beginning of the Upland Fire boys' annual picnic and the outing will continue in the San Antonio canyon cabin until Monday afternoon. Most of the group will go to the cabin tonight, return in the morning, and go up Saturday night and remain there until after Monday noon.

Hubert L. Manker and Charles O. Deverts are in charge of the arrangements.

KARR REPRESENTS BUSINESS PEOPLE IN LOCAL CHAMBER

President of Disbanded Association Made Director of Civic Group

NEW COMMITTEE NAMED

Ray Flickinger, J. E. Goodban and Mr. Karr Will Aid Business Interests

Roy Karr is today the thirteenth director of the chamber of commerce.

Directors of the group increased the number of the board so that the chairman of the businessmen's committee would be a director.

Mr. Karr, Ray W. Flickinger and James E. Goodban were suggested by the businessmen as members of the chamber's new businessmen's committee. So that close relations could be maintained between the businessmen and the chamber officials, Mr. Karr was made a director. In adding the new director, the chamber group provided that in the future if the head of the businessmen's committee is not already a director or he will automatically be made a director when he gets the committee appointment.

This is the first official action in the city in regard to the businessmen since the Upland Business Men's association was disbanded August 15.

It is the plan that this committee will serve the business people and sponsor cooperative projects in a manner similar to the way these features were conducted by the association.

BEULAH COLLEGE OPENS SEPT. 10

Increased Attendance Is Expected; Courses Offered by School Listed

With promise of the largest attendance of any year since its establishment, Beulah college will open its fall term on Wednesday, Sept. 11, following registration on Sept. 10.

Several families are moving in from outside states and students are already beginning to arrive from a distance. Three young men who will enter the school have just arrived by automobile from Pennsylvania, they being Jacob Stern of Altoona, Ira Wolgemuth of Lebanon, and Paul Musser of Florin. Miss Alma Cassell, dean of the school, stated yesterday that other students are expected from Pennsylvania, Iowa, Kansas, Ohio, Arizona and very probably from other states. There will also be an enlarged attendance from various points in Southern California, according to Miss Cassell.

Last year's enrollment was between 60 and 70, and that number is expected to be considerably exceeded this year. The teaching staff is also being enlarged, there being this year seven full time teachers, not including the president of the college who does no teaching, and four part-time teachers.

Beulah college specializes in music, the best of experienced teachers capable of giving advanced work in both piano and voice being secured.

In the line of regular school work, the college gives the standard high school course in addition to which there is a certain amount of Bible study, and a junior college course.

The junior college work is divided into three courses: The junior certificate course, which prepares the student for upper division work in the universities; the junior college course and the Bible college course, completion of which wins the degree of bachelor of sacred literature. Certificates are also given in the music courses.

The college library is being enlarged and generally improved and new books are being added. Also new papering and painting is being done in both the girls' and boys' dormitories, with additional room being provided for the girls.

Dr. Foster Mixes Religions When He Holds Funeral for Catholic

Presiding at an Episcopal funeral service for a Catholic in a Baptist church with Knights of Columbus pall-bearers proved an interesting experience for Dr. Bert C. Foster, rector of St. Mark's Episcopal church, who is in northern California with Mrs. Foster on a vacation.

A letter written from Grass Valley to Fred E. Draper told of having the experience of being asked by a lady undertaker to be in charge of the services as there was no priest or other minister in the country.

This letter along with one to J. W. Mehl, secretary of the Lions club was read at the meeting of the group in The Sycamores at noon yesterday. Mr. Mehl's letter was written from Loyalton, Sierra county, and carried the news that Dr. and Mrs. Bert are greatly enjoying the change and rest.

Loyalton is a real old-time frontier town, no made streets, some bits of sidewalk, cement or lumber as the store owner or resident cares to have, Dr. Foster said, adding: "For Mrs. Foster and myself, it is the life. Old times come back to us, except that instead of working and worrying, we rest and eat and rest again. I never took things as lazily and ought to gain in weight and nerve force, but do not seem to."

Dr. Foster was asked to preach at Loyalton and in regard to the service, he said: "We had a good congregation, 25 all told, in ages from three months to 70 years. But then there had been a ball game in town all afternoon and there was a circus in the evening, so we felt encouraged as the Sunday before when the ball game was out of town we had fewer people at service."

REGISTRATION TO START SEPT. 13

Junior High Classes Will Get Underway on Opening of School

Registration of Upland junior high school students will start on September 13, with the first classes being held September 16, Harold W. Cook, principal, said today.

Three rooms, unfinished in the construction of the building last year, have been made ready for classes. An increase is expected in the number of students and there is a possibility of the local school being used to capacity.

As the Chaffey board is now in charge of the local junior high administration, Chaffey students can be sent to the Upland school and this may be done to relieve the congested condition on the Chaffey campus. The board's policy in regard to this will be determined after registration has been completed.

METHODISTS WILL ELECT OFFICERS

Annual Meeting and Quarterly Conference Planned Early Next Month

Final quarterly conference for the Upland Methodist church will be held September 13, with Rev. Walter C. Buckner, Pasadena, presiding. Annual election will be held and reports of the various departments will be given. Leaders of some of the departments will have been elected before that time, but all elections and appointments will be passed on at that meeting, according to Dr. James A. Staveland, pastor.

Sunday school officers will be elected September 17.

The annual Methodist church conference will be held in Long Beach, Sept. 24, at the Grace Methodist church. Dr. Staveland and other local church leaders will attend the meeting.

Denver Family to Reside in Upland

Mr. and Mrs. L. E. Jennison and sons, Robert Harry and Wayne Lewis, and daughter, Virginia, left Denver, where they have been residing, Tuesday and after spending several days at Paonia, Colo., with Mrs. Jennison's parents, Mr. and Mrs. J. C. Weber, they will come on to California and plan to live in Upland. They will make their home with Mr. Jennison's mother, Mrs. C. H. Jennison, at Mountain avenue and Fifteenth street, and Mr. Jennison will assist his brother, H. L. Jennison, in caring for the home ranch.

11 Crews Fighting Pests For "Co-op"

Eleven crews under the direction of the Cooperative Fumigation and Supply company are today working against the citrus pests. Five groups fumigate and six spray, with the red scale and black scale the principal foes being sought. F. M. Scott, manager, said that the work is progressing on schedule and that the pest conditions are normal. Most of the crews will continue until late in the year.

DR. HILL REVIEWS SCHOOL COSTS AND TELLS OF BUDGETS

Union High School Expenses Will Be \$378,000 For Next Year

REPORTS GIVEN TO BOARD

Junior College Plans Call For Expenditures of \$186,500

By Merton E. Hill, Principal
For many years it has been the policy to issue to the Chaffey board at the first of each month financial statements which set forth the amount of money spent under various segregations for the month, the amounts spent to date, the credits accruing to each segregation, the budget segregations for the year and the balance for each segregation.

In addition the receipts to date from each source are set forth, so that at any moment the board is informed as to the financial status of the Chaffey union high school and the Chaffey junior college.

Order blanks are made out for each purchase, and invoices for all bills are received in triplicate. An up-to-date system of bookkeeping is maintained under the supervision of F. E. Chaffey, business manager of the Chaffey schools. Every warrant is signed by the president, or vice-president and the secretary of the board. Before payment these warrants are passed on by the county superintendent of schools and by the county auditor.

Each month the business manager checks up with the county office and all accounts are made to balance with the county accounts. Duplicate copies of all bills are kept in the principal's office and the stubs of all warrant books are kept, so that we have a minimum of three records of all bills paid.

All moneys received for school purposes are deposited to the credit of either Chaffey union high (Continued on Page 8)

PICNICS PLANNED BY TWO CHURCHES

Methodists and Mennonites Will Enjoy Outings Next Week

Methodist and Mennonite church members are going to picnic next week, the Mennonites meeting at Ganesha park Monday and the Methodists will assemble at Fairmont park, Riverside, Friday.

Committees from each church are working on elaborate preparations and lively athletic contests will be featured after the picnic dinners.

Members of the Mennonite committees are Henry Horsch, Carl Licht, Philip Born, Freda Toews and Frieda Musselman, entertainment, and the girls of the intermediate Sunday school, under direction of Mrs. J. C. Haldeman, in charge of kitchen, hot coffee and other lunch goods. Each attendant will bring lunch.

Methodist committees include the following: D. J. Cameron, Glen Wright, transportation; Jessie Brown, Bert Hendy, Mrs. W. H. Dundas, Mrs. Ralph J. Wilson, athletic program, and Mrs. L. E. Moser, Mrs. John Engle, Mrs. W. F. Kitchel, Mrs. Ralph Marr, Mrs. H. A. Waterman and Mrs. LaPlant, picnic dinner.

Atwoods Represent Club at New Theater

Mr. and Mrs. Glenn M. Atwood represented the Upland Lions club last night at the opening of the new Corona theater, the opening being sponsored by the Lions club there and the proceeds going to the new Corona hospital.

Among the movie executives and stars were D. W. Griffith, Irving Berlin, Harry Richmond, Sid Grauman, Clara Bow and Gary Cooper.

Mr. and Mrs. Ed McMillen of Mariposa spent the past week-end here with Mr. and Mrs. J. W. McConkey, 679 Second avenue.

Mr. and Mrs. E. H. Haury, Miss Amanda Hirschler and Mrs. Marie Voigt left today for Redley, Tulare county. A year ago Mr. Haury bagged a limit of doves on the first day of the gun season, and this record has attracted a party north this year.

Upland's Entry Advertises Show

Picture of Upland's entry in the National Orange Show last year is today being sent as a postcard throughout the country by the show officials as an advertisement for the next show, February 12 to 23.

Upland's "Well of Prosperity," which formed the local exhibit, is reproduced in the orange and lemon colors and shows a woman looking in her mirror over the well and she sees a reflection of this city's rich citrus crop.

Name of the city does not appear on the postcard, but its selection by the officials to carry the name of the Orange Show is an indication of how it rated unofficially. Officially, the exhibit placed second.

The exhibit was entered by the chamber of commerce and the creation was that of Mr. and Mrs. William C. Atchley.

LABOR SERMON TO BE GIVEN SUNDAY

Rev. E. Guy Talbot Will Preach at the Final Chaffey Union Service

Final number in the series of union church services which have been conducted during the summer at the Chaffey amphitheater, will be held Sunday evening in observance of Labor day.

Through the efforts of the Rev. Clyde M. Crist, the Rev. E. Guy Talbot of Los Angeles has been secured as the speaker. The Rev. Mr. Talbot was formerly a Methodist minister, but for the past few years he has been making a study of labor conditions throughout the United States and in Hawaii. He is a speaker of marked ability and is thoroughly conversant with his subject.

The song service will begin at 6:45 with Miss Aloha Mabie as pianist. Special music will be given by Mr. and Mrs. Anderson, giving a violin solo, Schubert's "Ave Maria," accompanied by Mrs. Anderson at the piano, and Mrs. Anderson will sing. The Rev. Benjamin A. Fye will preside at the services.

Izaak Waltonians Picnic Wednesday

Declaring such minor events as a cloudburst and overflowing muddy streams are not important enough to prevent a picnic, members of the local Izaak Walton league with their families and a few others from outside points to the number of about 50 went to the Rainbow Angling club north of Redlands Wednesday and held one of the most successful picnics the chapter has ever enjoyed.

The picnic, the arrangements for which were engineered principally by Perry O. Long, had been looked forward to by the members for several days. However word reached Upland Wednesday of the cloudburst and a report that the fishing streams were washed out gained circulation. While some decided it would not be worth while to make the trip, Mr. Long and many others thought the lack of fish should not break up a picnic.

As it turned out a number of the party were successful in hooking a good catch of fish, while others secured their supply from the club and a plentiful supply of fried fish was added to a bountiful picnic supper.

Through Mr. Long's efforts a team of entertainers from Los Angeles was present and put on a rollicking vaudeville program.

Many declared the picnic the most enjoyable they had attended this summer.

Little Billy Brewer Has Sudden Illness

Little Billy Brewer, baby son of the Rev. and Mrs. W. L. Brewer of 576 East Tenth street, was very ill this morning, but late reports were to the effect that the little fellow was resting easier and was believed to be out of danger.

The baby became ill during the night and early this morning he went into convulsions. Next-door neighbor, Mrs. H. G. Ledig, administered relief treatment and a physician was hurriedly summoned. The convulsions were soon under control and it is believed the baby will be recovered within a few days. Dr. Mary Williamson is in charge of the case.

OFFICERS STILL ON LOOKOUT FOR BAD CHECK MAN

Signs Name of Ilo W. Wilson and Writes Checks on First National

OPENED ACCOUNT IN JULY

Said to Have Represented Himself as Doctor and Director of Bank

Police throughout Southern California are still on the lookout for a man giving his name as Ilo W. Wilson and his address as 807 East Eight street, Upland, who is wanted for writing alleged worthless checks. The man is known to very few people here. However, he opened an account at the First National bank about the middle of July with an initial deposit of about \$650, which was apparently a bona fide deposit. Later checks deposited are said to have been worthless.

The past few days many checks have been written on the First National bank—amounting to considerably more than his account. Most of these, we understand, have been written on checks of other banks with the name of the First National written in. Checks that have already come in to the bank here now amount to considerable more than \$1000 over his account. The largest amount of any check is for \$632.83, given The Kaufman Co. of Los Angeles in payment for a pump of some kind. Several checks were given parties at Lancaster, the largest of these being for \$141. One check for \$160, said to have been payment for the rent of a friend in Los Angeles, came to the local bank yesterday and this morning another for \$100 to the San Fernando Furniture Co. at San Fernando came in, this being also a payment on account for the same party.

The only Upland party given one of the checks is Bert Hawkey, who conducts a confectionery, the amount being only \$10.

It is said the man has represented himself to be a doctor and has also stated he is a director of the First National bank of Upland, which of course is absolutely false.

Bank officials describe Wilson to be a man of 45 or 50 years of age, smooth face, height about 5 feet 7 or 8 inches, weight perhaps 150 to 160 pounds. He has blue eyes and is said to be a fine looking man, having the appearance of being an office man.

From the manner in which Wilson keeps writing fictitious checks in the same surrounding territory it is thought by some that he may not be just right mentally. It has been some little time since he was seen in Upland.

WORK STARTED ON NEW OFFICE HERE

Liberty Groves Building Tile Structure on 19th at Cost of \$4750

Construction of a new tile office building for the Liberty Groves Operating Corporation on Nineteenth street is underway today and the granting of the permit for the work by the city brings the total August building permits to \$7,565.

The new office will be located just east of the present headquarters and will include sufficient space for the various departments. Al Ledig of the Modern Construction company is in charge of the work. The new structure will cost \$4750.

Tracy Morris has been granted a permit for making alterations at his residence, 390 Euclid avenue, at a cost of \$200. F. W. Williams is doing the work.

Mrs. R. E. Tilden, 235 Campus avenue, was issued a permit for alterations costing \$400, the permit being obtained by A. C. Hall.

Carlos Gonzales, south side Portillo street, got a permit for a \$500 structure.

Thomas W. Nisbet is building an addition to his residence on Thirteenth street and a \$1200 permit was issued.

Lafayette Adams has had work done at his grocery store, Second avenue, at a cost of \$500.

The Nazarene church was given permission to build a speaker's platform for evangelistic campaign, a tent being located on Ninth street.

Riley Talk Getting Stronger

That Ray L. Riley of this county, present state controller, also president of Lions International, has numerous friends throughout the state who would be glad to push him as a candidate for governor, grows more evident every day. In fact, it appears that many are becoming insistent in the matter. However, Mr. Riley has not yet stated that he would become a candidate at this time, though admitting he is interested. It is generally admitted that he has the qualifications that make a good governor. He is a man of unquestioned character.

In speaking of the probability of Riley becoming a candidate the Oakland Tribune says: "As the coming campaign promises to see the tax issue brought forward as a major one and Riley is a tax expert and as the south would seem to be in line to name a candidate, more than talk may come of some decided activities of the week."

Also speaking of the possibility of Riley's candidacy, the San Bernardino Sun says: "The issue of the campaign would be, if Mr. Riley and Mr. Young should be the candidates, whether or not California can continue its pace with expensive government—not merely state government but all forms of local government. Mr. Young did not promise even a pause in the advance in public expenses; in fact he declared there is no way to call a halt in the face of the demands of the people whom, he said, insist on continued advance and more adequate governmental operations. Mr. Riley's view of governmental operations clashes with such a theory. He declares California now has the greatest per capita expense in the world and that the danger point has been reached or passed. He turns his back on paternalism in government. He believes that the state has ventured onto very dangerous ground with several governmental theories that are to prove costly to the taxpayers."

"If Mr. Riley becomes a candidate for governor he will be the leader of a very large group that believes there must be a definite and vivid demonstration by the people opposing the pace which California's governmental agencies have been setting during the decade."

Increase in Export of Citrus Fruits

From fifty thousand boxes of citrus fruit per year to one million boxes—that is the story of the increase in export shipments of California citrus fruits. And it has not taken a long time to accomplish this apparent miracle. "The growth in volume of Sunkist foreign sales," says the California Citograph, "is not a matter of good luck. It is the reward of sales and advertising carried on in a systematic, organized way by the California Fruit Growers Exchange."

Naturally, this increase in foreign shipments, as well as enormous increase in consumption of these fruits in our own country, is a matter of elation for Upland and community, the greatest spot of our citrus belt.

Fifty thousand boxes of California citrus fruits were a big year's export volume to Europe even so recently as five years ago.

Last year the California Fruit Growers Exchange alone sold 500,000 boxes of oranges, lemons and grapefruit through its London office—and this year will sell a million boxes.

The development of foreign outlets will play an increasingly important part in future Exchange operations. The United Kingdom and many countries of Continental Europe, markets across the Pacific and South America, by absorbing thousands of carloads of Sunkist oranges, lemons and grapefruit, will remove that fruit from the channels of domestic distribution. Thus the chances of over-supply in America will be minimized and satisfactory market prices more easily maintained.

Says the Hemet News: "Isn't it funny that we pay taxes to build and support school gymnasiums to which we send the children by bus or automobile because they can't walk so far to school and that elderly citizens in need of exercise will ride to the golf course a mile and a half away and walk around a course in the hot sun and call it fun?"

How come—this "funny" business, Brother King? Do you want the kids to walk to school and not have any fun after they get there? And, likewise, would you have the poor men walk to the golf course and back without having the pleasure of swatting (or at least, swatting at) the little white pills and following them from hole to hole until they finally reach their destination in the little cups? Walking to school or to the golf course would be work, but games in the gym and swatting a golf ball are fun. That man King must just naturally be growing old when he don't know the difference between work and play.

It is said that twelve new brands of cars have been put on the market during the past four months. Most of them are six and eight cylinder models, some of them with the front wheel drive. However, we believe none of them are guaranteed to be accident proof or to climb a tree any better than the buggy "Old Dobbin" used to pull around over the roads. They attain much greater speed, but are not so safe.

It now begins to look as though both Pa and Ma Pantages might have a little trouble in proving their innocence. With the conviction of some of these millionaires once in a while people may grow to have more respect for the law and the courts than they have had in the past.

How times do change, remarks the Chino Champion. Now people are drinking tomato juice for breakfast. Fifty years ago they thought they were poisonous and put them in vases on the mantel to throw at book agents as soon as they became properly ripe.

What Nearby Editors Have to Say

Chino Champion: I wonder why Mable did not disclose her knowledge of corruption in high dry enforcement circles at the time she was on the public pay roll.

Los Angeles Times: It is promised on behalf of the administration of the new state highway patrol by Chief Biscailuz that records will not be based upon arrests made, but by accidents averted. The officers may be highwaymen, but they must not behave as such. There must be unfailing courtesy in the service and all roughnecks will be disciplined or retired. This sounds pleasant and it now only remains to see what happens. The important point is that the men are not so much concerned in pinching speeders as in making the roads safe for the largest number. Arrests may not be necessary to that end. A few kind words may accomplish much.

Glendora Gleaner: A most re-

markable situation has developed in the Boulder Dam situation and will boost Southern California. When congress passed the bill to construct the huge dam it made it a part of the law that no work should be undertaken until contracts for enough power to repay the government should be filed with the Secretary of the Interior. Many feared that this clause would delay the building of the dam many years, for they did not see where so much power could be used and expected to see the big power companies fight the plan. When bids were recently opened it was found that more requests for power was found than the dam will develop. The Southern California Edison Company was the largest single applicant. This great company has developed so much power already that it seems they would never need any more but the officers with rare vision see still greater development in the near future and are preparing for it.

The Week in Nearby Southland Points

It appears that the results of a movement started in Chino by Chief of Police Harold Henry is destined to spread to surrounding states and perhaps over the entire country. A short time ago that officer made a determined fight against gpy automobile clubs which had been fleeing Chino people out of their money for some time. He met with but little assistance and a great deal of apathy on the part of people who said "it can't be done," but the outcome was convictions and the stopping of the taking of this easy money in this vicinity. As a direct re-

sult of the activities there, a state law was passed that definitely ends the activities of those who were grafting along this line.

The Centinela ranch, northeast of Hemet, this season has 600 tons of peaches on forty acres. The crop will gross \$900 per acre. That means a total gross revenue of \$540,000 from the forty acres. The peach season is nearing its peak at Hemet's two canneries. Approximately 5500 tons of peaches will be packed at the two plants this year.

Old Stories of Upland in New Type

(From the News Files)

TEN YEARS AGO

D. E. Myers has resigned as manager of the O. K. Fruit exchange and Harry Harlow has been elected to succeed him. Mr. Harlow formerly held this same position.

W. E. Allen has been awarded the contract of hauling 20,000,000 feet of lumber from Big Pines to Los Angeles. The job requires five 5-ton trucks and will last for three years.

Miss Viola Manker, taking a short vacation from her duties at the Los Angeles General hospital, visited her parents, Mr. and Mrs. F. H. Manker, Monday.

W. F. Dettweiler has received word of the safe arrival of his brother, A. C. Dettweiler, in New York from France.

Mrs. A. J. Worthington, who has been spending the summer with her family in Lytle creek, is quite ill in their cabin there and is not yet able to be brought home.

Miss Mary Milner of San Jose has arrived for a month's visit with her parents, Mr. and Mrs. V. A. Milner.

Russell Markham has gone to Sacramento, where he expects to locate. He has been visiting his parents, Mr. and Mrs. A. G. Markham, since his discharge from overseas service.

Private G. E. Schmidt, who has been on overseas duty for 18 months, returned home Saturday.

Mrs. Harry Hawkenson fell from the back steps at her home Tuesday night and broke her ankle.

Miss Lillian Harnish of the J. J. Atwood store, Miss Ruby Harnish and their brother, Dewey Harnish of San Bernardino, are spending a two weeks vacation in the Palmer cabin at Camp Baldy.

FOURTEEN YEARS AGO

Plans have been completed and the construction of Mountain avenue from Tenth to Twenty-fourth street is assured.

Dr. W. H. Craig and family, using both the Oldsmobile and the Buick roadster, have just completed a 1700 mile vacation trip, covering the greater part of the state. The party stopped at the M. F. Palmer ranch for a day or two of hunting and found the places where the game should have been.

The Daniel Ruth residence now under construction promises to be one of the most modern residences in Upland. It is located on East Tenth street at Ninth avenue.

Harlow Wilson, assistant cashier of the First National bank, left this week for New York to join Mrs. Wilson, who is visiting her parents.

Miss Aloha Mehl, daughter of Attorney Mehl of Goshen, Ind., will arrive soon to visit relatives here.

Mrs. J. F. Monroe and daughters, Misses Maude and Ruth, are vacationing at Long Beach. J. F. is so busy reading the postal cards in Uncle Sam's postoffice here that he is unable to get away.

J. C. Mitchell and family left today for San Diego to visit the exposition. Miss Anna Mitchell will attend the State Teachers college there.

Dr. Roland Jarvis of London, Canada, has been the guest of his mother, Mrs. J. S. Jarvis, East Ninth street. He is now attending a dental congress in San Francisco.

W. G. Mumper, who for five years has been manager of the Upland Citrus association, has resigned his position and will become assistant manager of the Southern California Fruit Growers exchange.

A RED LETTER DAY IN SAN BERNARDINO!

September 20, 1929, has been declared the opening date of the new Fox Theatre. On that day hundreds of residents of the Orange Empire will journey to the Gate City to take part in this great event.

TARIFF ON SUGAR

For some time there has been a dispute in Congress regarding the tariff on sugar.

All minds do not agree.

There has never been a time when anyone has questioned the benefits of one extension telephone or more about the house.

If you are to be efficient, you do not wish to lose time, nor take unnecessary steps:

If you want to answer the call before your party hangs up—

Have telephones wherever needed.

Let your Congressman settle the sugar problem.

You decide on the number of extensions.

Have a Telephone Handy—Talk, Don't Walk!

W. B. Wests Return From Northern Trip

After enjoying a several weeks trip through the northwest and into California and a week's visit here with Mr. and Mrs. W. B. West, Campus avenue, Mrs. West's brother and sister-in-law, Mr. and Mrs. Ned Jones of Worthington, Minn., left Monday for their return trip home.

Last May Mr. West drove through to Humboldt, Iowa, where he remained until the latter part of July when, accompanied by Mr. and Mrs. Jones, he started for Washington. They made stops in the Black Hills of South Dakota and in Yellowstone park and Spokane, Washington, reaching Seattle just a few days after the arrival there of Mrs. W. B. West and her daughter Grace, who sailed for the northern city on August 2. For several days the Wests and the Joneses visited at the home of another brother, George A. Jones, and then started on the trip down the coast to Upland.

Their route led over the scenic trip down the coast to Upland. Columbia river highway and from Portland, Ore., they took the famous loop trip to snow-crowned Mt. Hood. Coming south, they drove over the beautiful Redwood highway. After a stop at Oakland they came down the coast to Ventura and followed the new coast highway through the Maribu ranch to Santa Monica, reaching Upland Sunday, Aug. 18.

The following week was crowded for the visitors. Tuesday the entire party visited Long Beach and on Wednesday they enjoyed a family party at Red Hill Country club. Thursday Mr. and Mrs. Jones and Arthur West went to Catalina Island, and Friday Mr. West joined the three for a trip to San Diego. Sunday the two families attended the big get-together picnic of Humboldt relatives and friends held at Long Beach.

Citrus Shipments in Two Month Record

Advices received in Upland this morning show that record quantities of Valencia oranges and lemons were sold during the month of July and the first half of August with great improvement in the market situation. Total shipments of California oranges for the month of July were 5,775 cars, as compared with 3,344 cars in July, 1928; 4,547 cars in July, 1927, and 4,627 cars in July, 1926. Lemon shipments exceeded those of any previous July, as was the case in June.

Upland Lemons May Be Shown at Fair

Upland lemons may again compete with lemons from other districts at the Riverside Southern California fair. The Upland Lions club, which last year won a prize in its exhibit at Riverside, has been asked to again enter a display of 24 one-half boxes of lemons all from one grove. One of the local packing houses will be asked to make an exhibit of the same amount.

In each case only two entries will be entered, which gives an assurance that a prize will be won. Prizes in the Lions club entry are \$50 and \$25, and in the packing house entry, \$75 and \$50.

Braswell Not Insane Is Jury's Decision

Claude Braswell, convicted on burglary charges for alleged crimes in Upland and Ontario, was adjudged sane in superior court in San Bernardino last Friday, following a plea of not guilty because of insanity. Braswell now faces life imprisonment in the penitentiary because of his burglary convictions and will appeal the verdict, a formal motion to that effect to be filed when he is arraigned for sentence tomorrow.

The only evidence offered by Braswell in his insanity test case was depositions from a Texas hospital where he was once committed as insane and from which he escaped.

HOME OWNING on a Small Salary

IT MAY surprise you to know that fully half of the homes in this country are owned by men who make less than \$2000 a year.

How do they do it? Through loans such as those made by this association. These loans are put upon a monthly repayment basis about like rent. Both interest and principal are included; one mortgage stays in force, eliminating costly renewals; never any large sum to meet. This is the one plan that helps you to get out of debt, easily, and over a period of years, it is distinctly cheaper.

We loan money to build or buy a great many homes which never WOULD and never COULD have been owned in any other way.

You can do it, too, if you are now paying rent regularly. Come in and let us tell you how.

Magnolia Mutual Building and Loan Association

EXPERT TELLS OF IRRIGATION TESTS

Alta Loma Club Sponsors Meetings to Demonstrate Watering Methods

Shorter runs. More frequent irrigation. Fewer cultivations. These were points stressed by B. Brown, state extension service specialist in irrigation, in four meetings and demonstrations held here last week under the direction of the Alta Loma Community Club. So much interest was shown in the meetings that Mr. Brown is today planning to return here later and give more time to the discussion of details. E. M. Barlow and J. F. Grass, Jr., were leaders in planning the meetings. It was Mr. Brown's contention that the pipe lines should be closer together, about 330 feet, especially on light soils. Longer runs, he said, were permissible on heavier soils, but the principle is the same, that the upper end gets too much water if the lower end gets enough as the ground can hold a certain amount. In the upper end there is a possibility of the water going below the root structure and thereby being lost.

Pointing out that as much of the root structure as possible should get water, Mr. Brown said the maximum water spread each side of the furrow was two feet. "Therefore, if only two furrows run in 24-foot rows, only eight feet or 33 1/3 of the ground gets wet and the other roots lie dormant unless it rains," he said.

Mr. Brown stated that there is no capillary attraction in the soil unless there is free water. That is under local conditions the water will stay in the soil until withdrawn by the roots with the exception of the top six to eight inches, which are evaporated by the sun and as the root structure is all below this first eight inches, cultivation is not profitable. In fact the loose mulch absorbs a large amount of water at each irrigation which is only evaporated by the sun, and lost for useful purposes.

On the other hand if the soil is of the heavy type the cracking of the ground allows the water to go down so that it will take water better. The rate of absorption by the roots from the soil is practically constant at a given temperature until the wilting point is reached.

In the average grove the root structure goes down about four feet with the principal development in the first two feet. However, in some old groves with good care trees have some roots to a depth of six.

Etiwanda News

Mr. and Mrs. Phillip Drake of Elmer, Mo., motored here to visit at the J. R. Bonnell home. Mr. and Mrs. Drake were here two years ago.

Miss Kathleen Price spent the week end as a guest with Mr. and Mrs. Jack Scott and family at their cabin at Big Bear Lake.

Mr. and Mrs. Thomas Donnelly and family motored to Los Angeles, where Mr. Donnelly will join Wayne Dooley, Mrs. Donnelly's brother, for a motor trip to the northern part of the state, where they will fish and hunt.

Ralph Price, forest ranger at the Los Angeles playgrounds, spent the week end here with his parents, Mr. and Mrs. O. H. Price.

Mr. Andrew Ingvaldsen spent from Saturday until Monday at Laguna Beach visiting his wife and mother-in-law, Mrs. Mary W. Kemp. Mrs. Ingvaldsen and her mother will remain there for two more weeks.

Pass other vehicles on the left, after sounding warning, allowing 100 feet clearance, but do not pass them at intersections.

Miss Harris Enjoys Vacation Trip North

Miss Elizabeth Harris is expected home tomorrow from a two weeks vacation trip in the north. With Miss Eleanor Youngstrom, Miss Harris went by boat to San Francisco and visited her mother's uncle, William Long, and his daughter. She also stopped in Oakland and in Berkeley, where she visited the university.

Going north from San Francisco, Miss Harris spent a delightful time at Fairfield and Brookfield, which is a beautifully located mountain resort where the hotel maintains an outdoor dining room with tables on rock terraces and a mountain stream with fern-grown banks tumbling over its rocky course at the foot of the terrace.

Miss Harris has written her mother, Mrs. Thomas W. Harris, that she is greatly enjoying her trip. Her last stay is with an aunt, Mrs. J. E. Alverson, and family at Fresno. Miss Youngstrom remained in Berkeley to enter the university.

Clinton Mayberry Is Piggly Wiggly Man.

Clinton O. Mayberry has been appointed manager of the Upland Piggly Wiggly store, succeeding Robert Word, who has been transferred to the management of a new Piggly Wiggly store opened in San Bernardino.

During most of the time that Mr. Word managed the store, Mr. Mayberry has been employed at the local establishment and his promotion comes after nearly two years of efficient service.

The Upland store is one of the most successful Piggly Wiggly stores in this division. Mr. Word will move his family to San Bernardino soon. The change in managers was made this week and Mr. Mayberry is in charge of the store today.

Leopard Figures in Missionary's Life

Life as a missionary in Belgium Congo has many thrills, including a face to face meeting with a vicious leopard, according to Geo. Van Dusen, brother of H. C. Van Dusen of Upland. The local man is in receipt of a letter today telling about the wild caller within his brother's house.

Awakened early in the morning by a noise, Mr. Van Dusen left the bedroom and found that an adjoining room lay their cat, killed by the leopard. In a second the beast jumped by Mr. Van Dusen and out into the open. Clothes hanging eaten and torn.

Mr. Van Dusen is field superintendent of the England-Africa mission of the Church of the Open Door.

Roy Creighton Has Wild Life Exhibit

An interesting exhibit of mounted animals and birds is being shown in the display window of Roy Creighton's auto supplies and sporting goods shop. Some of the specimens were killed by Mr. Creighton, but most of them he has picked up here and there, some by purchase and others as gifts.

The beautiful little fawn in the window is one that was killed by an automobile in San Antonio canyon. Among the mounted specimens are a large eagle, beautifully colored pheasants, grouse, owls, lizards, one of the giant species,

BALL DIAMOND MAY BE SOWN TO GRASS

Chamber Director Proposes Improvement and Study To Be Made

Beautification of the Upland Night baseball diamond and improvement of the field through the sowing of grass were projects proposed by Walter Allen at the meeting of the Upland chamber of commerce Wednesday noon.

Wheels were set in motion for the improvement, and a long route is ahead of the suggestion before its fate is known.

The baseball commission is in direct charge of the field and if that group thinks the grass would aid the sport, the Chaffey board of education will be approached. From the school officials it will be learned what part of the financial burden they will carry.

If the improvement is deemed advisable, it is expected that the chamber will sponsor the work and convert the dust covered diamond and surrounding field into a green bed. It is likely that trees would be placed along the field.

Ross at Meeting of Earl Radio Dealers

J. M. Ross of the Ross Auto Electric shop, was one of the large group of Earl radio dealers who recently met in Los Angeles to greet C. A. Earl, president of the firm producing this popular set. Dealers from all over Southern California were present to receive the plans for the year and to hear the story of this radio creation which is attracting so many radio fans.

The Earl radio is said to be one of the best sets on the market and one of its features is its fine selectivity. This set enables a person to get just the station he wants and to keep out all other stations, it is reported.

Cucamongans Hear of Life on Submarine

Experiences in a submarine during the world war were related at the Cucamonga Service club meeting Tuesday night by Clair E. Kirk. His story told during a 45-minute period, was so interesting that at times those present were so quiet they could have heard a pin drop.

Meeting of the group next Tuesday will be "ladies night," and Charles Motsinger and Jeff Kincaid are in charge of the programs during September.

Death Valley Scotty's Engineer Visits Here

In three or four years Death Valley Scotty's mansion in Death Valley may be completed, according to F. A. Brown, Inglewood, chief construction engineer for the famous wealthy character, who visited F. H. Manker here this week.

Mr. Brown, with his family, were here and told of the work being done in the desert and of the palatial home being built at a cost of approximately \$3,000,000.

squirrels, hawks, and numbers of others. Inside the store are also a number of animals and birds, including a wolf and a wildcat.

The exhibit is attracting much attention, many people stopping to inspect and comment upon it.

FIRST CHURCH OF CHRIST, SCIENTIST

Corner Euclid Ave. and G Street, Ontario

Sunday morning service at 11 o'clock.
Sunday school at 9:30.
Wednesday evening testimony meeting at 8 o'clock.
"Christ Jesus" is the subject of

the Lesson-Sermon Sunday in all branches of The Mother Church. The First Church of Christ, Scientist, in Boston, Mass. The Lesson-Sermon contains Scriptural selections from the Old and New Testaments and correlative passages from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

One of the Scriptural citations gives accounts of healing by Jesus as related in the gospel of Matthew, and is in part as follows: "And when Jesus departed thence, two blind men followed Him, crying, and saying, Thou son of David, have mercy on us. And when He was come unto them, He said unto them, Believe ye that I am able to do this? They said unto Him, Yea, Lord. Then touched He their eyes, saying, according to your faith be it unto you. And their eyes were opened."

Correlative passages from Science and Health present these words of Mrs. Eddy: "Jesus established in the Christian era the precedent for all Christianity, theology and healing. Our Master said to every follower: 'Go ye into all the world and preach the gospel to every creature! Heal the sick! Love thy neighbor as thyself!'"

Clapp May Direct Gym Classes Here

Fred H. Clapp, director of physical education at Chaffey, may be in charge of the physical education classes at the Upland junior high school this year.

As James H. Paulin, former director here, is on a year's leave of absence at the Santa Barbara state normal, no definite arrangement has been made in regard to the athletic situation. Harold V. Cook, principal, said, however, that the plan now is to have Mr. Clapp come to the local campus.

Six Ways You Gain

—when you ride the Big Red Cars

1 Low Cost
Commutation fares to Los Angeles are far lower than other forms of transportation. Figure the saving in your own individual case. You save the cost of parking fees, too.

2 Added Leisure
Every time you ride, you win extra minutes to rest, read or study.

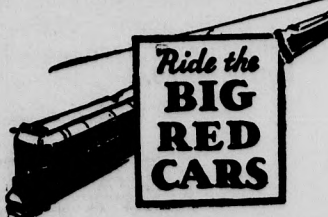

3 Less Nerve Strain
You avoid traffic and parking worries. You arrive rested, ready for the day's activities.

4 Pleasure for your family
When you ride the Red Cars, your family has the use of your automobile all day.

5 Safety
The motorman's whole job—the Pacific Electric's responsibility—is to get you safely to your destination.

6 Convenience
The Big Red Cars travel the direct route, mostly over private rights-of-way. Investigate the convenient schedules. Try the Red Cars the next time you go to Los Angeles.

Ask also about the popular new money-saving Passes for Sunday travel.

Myers-Benson Wedding At Nazarene Church—

In the presence of a large gathering of relatives and friends, Miss Elizabeth Myers, daughter of Mr. and Mrs. S. S. Myers, 660 Eleventh street, became the bride of Erwin Benson, son of Mr. and Mrs. Asa Wench of Eighth avenue, on Tuesday evening, August 27, the wedding occurring in the Upland Nazarene church.

The church was beautifully decorated for the nuptial event, lovely gladioli, small pine trees and ferns being cleverly arranged to represent a garden scene and in this artistic setting the young couple exchanged their marital vows, the ceremony being performed by the Rev. S. M. Lehman assisted by the Rev. W. L. Brewer, pastor of the church.

The bride was attended by her sister, Miss Martha Myers, as maid of honor, and Miss Elizabeth Gunstream as bridesmaid. The pretty little flower girls were Fleeta Mae and Helen Louise Decker.

Attending the groom as best man was Vernon Wilcox of Pasadena, while the ushers were Kenneth Decker, Jesse Steckley, Frank Herwig and Oren Decker.

The bride was lovely in a becoming wedding gown of white satin-back, crepe; her long tulle veil was held in place by orange blossoms and she carried a shower bouquet of lilies-of-the-valley and pink roses. Her attendants wore becoming pastel-colored silk frocks and carried sweet peas and roses in harmonizing colors.

Preceding the ceremony, Mrs. Harold Merchant sang "Because" and Harold Merchant gave a violin solo, "Sweet Mystery of Life." Mrs. Wise of Glendale sang "Jesus Savior Pilot Me," and the wedding march and incidental music was played by Miss Margaret Holmes of Oregon.

After the church ceremony a reception was held at the home of the bride's parents, at which 60 relatives and friends offered congratulations and best wishes.

Mr. and Mrs. Benson are now on their honeymoon trip which will take them to the Grand Canyon, Bryce Canyon and Zion National park. They will be at home after September 6 at 591 Third avenue.

Both Mr. and Mrs. Benson are graduates of Chaffey high school. She later spent two years and he one year at the Nazarene college in Pasadena, and Mr. Benson graduated from the junior college department at Beulah college.

Upland Chapter O. E. S. Enjoys Merry Picnic—

Selecting San Antonio park as the place for their gathering, members of Upland Chapter Order Eastern Star and their families held a big picnic Monday evening, there being 136 persons present.

Departing from the usual custom of having a pot-luck supper, the chapter furnished the entire menu with the officers of the chapter in charge of the arrangements. Much of the very excellent picnic supper was prepared by order, relieving the officers of considerable work, and the arrangement proved to be a most successful and satisfactory one. With the big crowd gathered about the tables, the supper was served cafeteria fashion and the merry-makers ate heartily to the accompaniment of many a jest and gay conversation.

The children, of whom there were quite a number, found the wading pool quite to their liking and had a merry time playing after the supper while their elders visited and otherwise amused themselves. The picnic was declared a very decided success.

Mrs. Oliver Kent Hostess At Party and Shower—

Assisted by her mother, Mrs. J. F. Hamilton, Mrs. Oliver Kent of San Diego, who is making a summer visit here, was the charming hostess Monday night at an enjoyable bridge party and pre-nuptial shower given at the Hamilton home on West Seventh street, the complimented guests being Miss Marguerite Moremen and Miss Margaret Harris.

Jars and baskets of rainbow colored summer flowers formed the pretty decorations for the home.

The shower plans were kept secret from the two brides-elect and early in the evening, heralding the coming shower, a cleverly constructed bride's shower bouquet, on the ribbon streamers of which were attached the names of the guests, was presented to Miss Moremen and the guests then showered her with their gifts of lovely linen.

For the evening's amusement five tables were set for bridge and some time was spent at the game, first prize going to Miss Gertrude Wilcox and consolation to Mrs. Ernest Bridenbaugh.

Later in the evening Miss Harris received her share of the surprise, it being all the greater surprise because of the hour chosen for its presentation. A bouquet similar to Miss Moremen's was

presented to Miss Harris and she too was showered with a collection of beautiful linen.

The serving of a refreshing summer collation completed the happy evening.

Guests of Mrs. Kent were the two honorees, Misses Moremen and Harris, and Mrs. A. P. Moremen, Mrs. Thomas W. Harris, Miss Elizabeth Harris, Misses Wilma and Viva Moser, Mrs. Ernest Bridenbaugh, Mrs. John Bridenbaugh, Miss Edith Bridenbaugh, Miss Irma Katt, Miss Elvira Ruth, Miss Gertrude Wilcox, Miss Gayle Edgerton of Glendale, Miss Gladys Gillilan, Miss Martha Blohm of New York, Mrs. H. O. Blohm, Mrs. Loren Long, Miss Helen Goodrich, Miss Bertha Goodrich, Misses Louise and Margaret Beatrice, Mrs. Loraine Loch, Mrs. Paul Petrov, Miss Leola Lee, Mrs. Sam Lamb, Miss Fern Carver, Miss Viola Dundas of Adelanto, Mrs. Niles Rohrig.

Miss Moremen will be married tomorrow to Gentry P. McCorkle of Cucamonga, and Miss Harris just recently announced her engagement to Ellery Wright of this city.

Dinner Meeting Tuesday of Business Women's Club—

The September dinner meeting of the Upland Business and Professional Women's club will be held at Davis cafe at 6:30 p.m., Tuesday, Sept. 3. Members of the program committee, which includes Mrs. L. D. Temple, Miss Fern Carver and Mrs. Vernon V. Paine are busy with preparations for the program.

Vacation time is drawing to a close and many who have been away are returning to town, so a good attendance at Tuesday's meeting is expected.

Wedding Announcements Received by Friends—

Although having been in this district but a comparatively short time, being transferred here from the Pasadena district of the Angeles forest this year, R. C. Fisher, government forest ranger, has made a number of friends here who will be interested in the announcement of his marriage.

The announcement received by friends reads:

Mr. and Mrs. Sherman Foster announce the marriage of their daughter, Gladys Anne, to Richard Charles Fisher, on Wednesday, the twenty-eighth of August, nineteen hundred twenty-nine, Artesia, California. At home at Camp Baldy, California.

Club Executive Board Meets With Miss Harris—

With an evening meeting taking the place of the usual monthly luncheon session, the executive board of the Upland Business and Professional Women's club met on Wednesday night at the home of the club president, Miss Margaret Harris, 517 East Twelfth street.

The routine business was transacted with Miss Harris presiding at the business session.

Several reports were made and the board held considerable discussion of plans for future activities of the club and also concerning attendance at the state convention to be held in Pasadena on September 5-7. Several of the club members are planning to attend one or all of the convention sessions.

At the conclusion of the business meeting Wednesday night Miss Harris, assisted by her mother, Mrs. Thomas W. Harris, served a refreshing punch and wafers and a happy social hour was enjoyed, the members taking advantage of the opportunity for visiting that is not afforded at the luncheon meetings.

Members of the board present were Miss Harris, Mrs. Vernon V. Paine, Miss Leola Lee, Miss Helen Hilly, Mrs. M. H. Bailey, Miss Elizabeth Fossett, Miss Linda Schmidt and Mrs. D. M. Thrash.

Firemen's Wives Meet In Mountain Cabin—

Holding one of their pleasant bi-weekly meetings, the members of the Firemen's Wives club gathered Tuesday for an all-day meeting at the firemen's cabin in San Antonio canyon. Mrs. L. N. Kirk was hostess for the day and an enjoyable contributed lunch was served at noon.

During the afternoon bridge was played and score prizes were awarded to Mrs. C. O. Deverts, first and Mrs. Milton Huxtable, second.

Enjoying the day with Mrs. Kirk were her special guest, Mrs. Clair E. Kirk, and Mrs. C. O. Deverts, Mrs. C. K. Francisco, Mrs. E. C. Mehl, Mrs. I. J. Linkey, Mrs. Glenn M. Atwood, and Mrs. Milton Huxtable.

Mrs. George Boyland left Sunday evening on the Union Pacific after spending the summer with her sister, Mrs. Hettie Toerpe, and her niece, Mrs. V. R. Rickel. Mrs. Boyland was delighted with her visit here and says she will always be a booster for California, even in Chicago which has been her home for many years.

AUTO INSURANCE NOT COMPULSORY

But You Must Satisfy Judgment in Case of Accident or Lose Permit

According to a bulletin just issued by Frank G. Snook, chief of the State Division of Motor Vehicles, the new state law does not make it compulsory to obtain public liability, property damage or any other kind of insurance on your automobile. However, it is made very plain that such is very advisable.

The bulletin was issued by Snook in response to floods of inquiries made to the division relative to the provisions of the new Motor Vehicle Act that became effective on the 14th inst.

Only in the event any person fails to satisfy a judgment rendered against him by a court for damages involving injury or death or property damage is insurance required, said the bulletin.

"In the event of failure to satisfy such a judgment within fifteen days after it becomes final," explains the bulletin, "the Division of Motor Vehicles is required to revoke the operator's or chauffeur's license and registration certificate of the person involved."

"Thereafter, before the licenses and certificate may be restored, the person concerned is required to pay the judgment and obtain public liability insurance to the amount of \$5000 for one person killed or injured and \$10,000 for two and \$1000 property damage, or to post a surety or personal bond or a cash deposit amounting to \$11,000."

"This is not compulsory insurance as the term is known ordinarily," declared Snook, "inasmuch as it affects only those persons involved in accidents who fail to satisfy judgments. The new law emphasizes the need of careful driving to keep out of trouble. But the careful driver has nothing to fear from it."

NEW LAW WILL AID ALIENS TO STAY

Enables Many to Take Examination For Citizenship Who Faced Deportation

Opening the way for scores of aliens in Southern California, including many in San Bernardino county, to take examinations for citizenship who heretofore faced deportation, a law is now effective which authorizes the Federal immigration service to accept applications of aliens who have entered the United States prior to June 1, 1921, for investigation of legal entry.

While the investigation must be made by the United States immigration service the office of County Clerk Harry L. Allison is prepared to assist aliens coming under this class to prepare their application for investigation of their legal entry.

Previously an alien who wished to take an examination for naturalization was required to furnish the immigration department with a certificate showing legal admission to the United States. In many cases these certificates had become lost or misplaced and without them the alien could not take the examination for citizenship.

The county clerk will assist the applicant who arrived prior to June 1, 1921, to prepare his application.

"Sausage" Is All Entered

By G. N. P. A. Service
Miss Dorothy Marshall and her pet pig, "Sausage," which she has entered along with several others in the big livestock exhibition at Los Angeles County Fair in Pomona, September 17 to 22. The Fair will have the greatest display of hogs ever shown in the Southland.

DRIVERS SHOULD STOP FOR WIGWAG

Forty-Seven Per Cent More Accidents First Half of 1929 Than in 1928

"Stop for the wigwag at railroad crossings" required by the new motor vehicle law going into effect August 14 is a wise precaution for motorists, according to the Railroad Commission. Reports filed with the Commission for the first half of 1929 show 1209 grade crossing accidents in the state, resulting in the death of 92 persons and injuries to 421 others. These figures have a particularly serious significance for the reason that there were 47 per cent more accidents than for the corresponding period in 1928.

That many accidents occur when motorists fail to observe the warning of wigwags or human flagmen is shown by the fact that 547 of the 1209 accidents occurred at crossings protected by special protective devices which are maintained at a large annual cost. While only approximately 25 per cent of the crossings are especially protected, these crossings are for the most part heavily traveled thoroughfares.

The new law requires drivers of motor vehicles to stop before crossing a railroad where wigwags, gates or human flagmen indicate the immediate approach of

train. Further, where human flagmen are on duty the motorists must not proceed so long as the watchmen continue to signal the approach or passage of a train.

Observance of this law by the motoring public, it is confidently predicted, will materially reduce the number of casualties at grade crossings.

Motorists and law enforcement officers should report cases of improper operation or failure of wigwags to the nearest railroad office or to the Railroad Commission at San Francisco so that steps may be taken to correct the condition.

If the investigation proves the date of entry in the United States and that the applicant has resided continuously in the United States since his arrival, is of good moral character and not subject to deportation he is given a legal certificate of entry upon the payment of a money order for \$20, made payable to the commissioner general of immigration. An immigration official is the only person authorized to receive this payment and only money orders will be accepted.

This law also applies to any alien who has entered the United States and wants documentary evidence of entrance.

Baby Cap Business Is Added to List of Industries in Upland

With a beginning like a typical American Magazine success narrative, a story is growing right here in Upland that will be a surprise to many who have not even heard that it has begun. But little more than the first chapter has been written and there promises to be other and bigger chapters as time passes.

It is a story of baby caps. Beautiful, tiny caps, so dainty that one hesitates to handle them, yet sturdy enough to give good service on many cunning baby heads.

Mrs. L. R. Nichols is proprietor of the Upland Art Shoppe, 335 East Ninth street, and among her stock she carries babies' wardrobes. Finding it difficult to secure in the markets baby caps that met her requirements, without expense in cap making and with nothing more to guide her than her own artistic judgment, she began designing and making her own caps and for a few years she thus supplied her local trade.

But the exquisitely made caps attracted the attention of the traveling salesmen who called at her shop, and at last she yielded to their persuasion and consented to fill a few small orders for wholesalers in Los Angeles. That was but a few months ago, in the early spring of this year, and an order for a dozen or maybe two dozen caps threw the shop into an emergency rush.

Today Mrs. Nichols and her eight regular assistants take a \$100 order as a regular part of a day's work and ask but little more than a week's time to have the pretty creations shipped out to their destination.

But this progress was not accomplished as easily as it may sound. Mrs. Nichols soon saw if she was to find time from her regular shop work to fill the orders for her "side line," there would have to be system in the work. The "side line" has now grown into a thriving business on its own account and is so well regulated there is no loss of time or confusion.

Operating under the name of Cupie Cap company, Mrs. Nichols sells the Cupie caps in Los Angeles and practically all points from Ventura to San Diego. She attends to the extensive bookkeeping and the shipping, also does the hemstitching and the designing. The eight assistants each have one particular part of the work. One does the cutting, another does the dainty embroidering, a third makes the linings, and another whips the lace, and so on, the caps being entirely handmade and of the most exacting workmanship. This work is done in the homes of the assistants, the various parts being sent by the dozens back to the shop and the caps assembled according to order.

At first Mrs. Nichols was uneasy about the designing, fearing she would soon run short of ideas, but now she supplies a new design each month and says there are a dozen reserve designs crowding her mind and clamoring for expression in the bits of dainty silks and fine organdies. Mrs. Nichols loves her work and grows enthusiastic when talking about the Cupie caps, which she hopes some day to be turning out in much greater numbers.

1,600,000 licenses in the state that are now legal.

Pointing out that all licenses issued prior to Jan. 1, 1927, are now void, Frank G. Snook, chief of the division, urged all motorists who have not done so to make application at once for renewal.

Although a reasonable length of time will be permitted for all to renew before the law is invoked, Chief Snook said it would be necessary shortly to set an actual deadline after which state officers will be instructed to make arrests of those who have failed to renew.

Licenses hereafter, it was announced, will be issued on forms that comply with the new law. These will be in the form of a folder fitted in an envelope just large enough to go in the ordinary card case. Each folder will bear a number, thus simplifying the keeping of the records, and will show the date upon which the license expires, two years from the time it is issued.

There are also spaces on the folded license for a record of all court convictions for violations, this being another requirement of the new law.

Nothing may extend beyond hub on the left, nor more than 6 inches beyond hub on the right.

Park clear of highway for tire changes or trouble. Do not spread tools on highway and nothing injurious to tires may be left thereon.

Mrs. A. B. Hauser and son Billie left Wednesday for their home in Casa Grande, Ariz.

Mrs. E. M. Clark returned to Upland Saturday after spending several days with friends at Catalina Island and Santa Maria.

Get a Tie—\$2.00 Ties now \$1.10; \$1.50 Ties now 95c; \$1 Ties now 69c, at Wilson's Closing Out Sale. 3111

Mr. and Mrs. E. R. Hively and family, who were at Yellowstone park a week ago, are motoring down the coast from Portland, expecting to reach their home here early next month.

Mr. and Mrs. L. R. Shrewsbury of Laguna Beach were guests on Wednesday of Mr. and Mrs. David Vasbinder, coming up to attend the Izaak Walton picnic at the Rainbow Angling club.

Miss Helen Hilty of the city water department, will begin her annual vacation Tuesday and accompanied by Miss Doris Smythe of the Bank of Italy in Ontario will go to San Francisco and other places in northern California.

Mr. and Mrs. R. R. Spencer and son Jack went to Los Angeles on Sunday and had the privilege of seeing the Graf Zeppelin arrive. They remained over Monday and also had a daytime view of the big ship.

Lester Jones returned this week to his work at Johnson's grocery after a several days vacation. He and his family went to the beaches for a few days, but Mr. Jones soon found it necessary to return home to recover from too much sunburn.

Miss Nellie Randall returned on Wednesday from a two months visit in the east. Most of the time she spent in Kansas City with her sister and en route home she stopped a week with her brother in Oklahoma City. Miss Randall says the heat was excessive in Kansas and that section was badly in need of rain. She says the weather here is pleasant compared with the heat of the east.

Frank Castler has been employed as a clerk at the Piggly Wiggly store.

Get yourself a new Hat or Cap for Labor Day at Wilson's Closing Out Sale. 3111

For quality building see H. A. Cooley, 550 Laurel Ave. Phone 651f

Earl Bice and family left Monday for the southern part of the state for a vacation. Mr. Bice is clerk at Johnson's grocery.

All Shirts Reduced at Wilson's Closing Out Sale. \$3 Shirts, \$2.10; \$2.50 Shirts, \$1.60; \$2.00 Shirts, \$1.25. 3111

Mr. and Mrs. Harry Fies were among the Uplanders who participated in the Izaak Walton league picnic at the Rainbow Angling club at Redlands Wednesday night.

Mehl Roddick and daughter, Mildred Roddick, have gone to Mariposa, where they will meet Mrs. Roddick and the rest of the family and return to Upland.

John McHenry, Jr., nephew of Mr. and Mrs. Thomas Nisbet, is returning to Springfield, Ill., after spending some time as a student pilot at March Field.

Mr. and Mrs. H. B. Anderson, 1192 San Bernardino road, will leave Saturday night for Daggett, where they will visit their parents over the weekend.

William Carse has returned to his home in San Diego after visiting here for a week with his grandmother, Mrs. F. Hargrove, 265 Eighth avenue.

Mr. and Mrs. Frank Mishler of the Tulip cafe will leave early Sunday morning for San Diego and remain there until Monday night.

Drive over to Ganesha park, Pomona, Friday evening, Sept. 6. Enjoy popular concert in Greek theater by Valley Symphony musicians, chorus and orchestra. Eight p. m. 3212

Sewell Carlton of 56½ West street, reported to police headquarters that someone entered his home Wednesday night and took a billfold containing \$14 and some papers.

C. S. Lehman, who has been on his annual vacation, visiting at his old home in Schenectady, N. Y., among other places, writes from Kansas City that he will arrive home tomorrow.

Mr. and Mrs. E. J. Head and daughter, Myra, went down to Los Angeles Monday to see the Graf Zeppelin and had the privilege of viewing it at fairly close quarters at Mines field.

Mr. and Mrs. David Vasbinder and small daughter, Mary Jean, and Mrs. Vasbinder's mother, Mrs. A. J. Beatty, motored down to Gay's lion farm at El Monte on Sunday and arrived at the right time to see (and hear) the 155 lions being fed. Some woolly little 10-days old cubs attracted the interested attention of little Mary Jean.

Mr. and Mrs. Charles Ruedy of East Ninth street had as their dinner guest Wednesday evening Dr. Lina V. Tabor of Los Angeles, who is in charge of Dr. C. P. Mengle's office while he is away on his vacation. Dr. Tabor and Mrs. Ruedy were girlhood friends and they spent a pleasant evening visiting and talking over old times.

Miss Mary Helen Reynolds, daughter of W. C. Reynolds of the Reynolds-Harnish store, is progressing satisfactorily after an appendicitis operation which was performed last Friday evening at the San Antonio Community hospital. An acute attack necessitated an emergency operation which revealed a ruptured appendix and for two or three days she was quite ill.

To secure the benefits of Beulah college, two families are coming here from Kansas. Mr. and Mrs. Clarence Gorton are coming from Ramona, Kan., and Mr. and Mrs. Amos Wenger are now en route from Abilene. They are being accompanied by Miss Rosa Eyer, who has been visiting in Kansas, and who will have charge of the Beulah college kitchen and dining room.

Mr. and Mrs. H. M. Tuttle and Mr. and Mrs. Earl Tuttle returned Wednesday from a very enjoyable trip through Oregon and southern Washington. They visited the Isaac Large family, formerly of Upland, at Grant's Pass and stopped at Portland and other points. They made the loop trip to Mt. Hood and drove over the Columbia River highway. They also visited Crater Lake and the famous Oregon caves. The return trip was made over the Redwood highway and through the Big Trees.

Miss Lorraine Torbert will spend the two-day holiday at one of the beaches.

A cousin of Mrs. Glenn Wright, Miss May Watson of Lodi, was a recent visitor in the city.

Mr. and Mrs. S. G. Moore and son, Paul, and Mr. and Mrs. A. L. Palis spent the week-end visiting friends in San Diego.

Joe Chastain, who spent the past week here with his grandparents, Mr. and Mrs. T. H. Chastain, 536 Third avenue, left today for his home at Tracy.

Mrs. A. C. Hart and children of Fillmore were visitors at the home of Mr. and Mrs. Glenn Wright several days this week. Elizabeth Wright accompanied the Harts to Fillmore and will stay there until Monday night.

Mr. and Mrs. W. H. Tuttle and Mrs. T. J. Cromer accompanied Guy Clark to Big Bear last week-end and enjoyed dinner at the mountain resort. They found the new mountain highway in excellent condition.

Mr. and Mrs. Frank Johnson of Lone Pine are visiting at the home of Mr. and Mrs. Godfrey Andrews. Mrs. Johnson is a daughter of the local family. On their return Mrs. Andrews will go with them and remain at Lone Pine for a two weeks' vacation.

The L. E. Moser family will spend the week-end at their mountain cabin. The group will include Mr. and Mrs. L. E. Moser, Ruby Moser and Mr. and Mrs. Cleo Moser and son, Robert Dale, of Glendale, who will come here Saturday night. The outing will continue until Monday night.

Mr. and Mrs. Thomas Settle and family, with the exception of the eldest daughter, Miss Ethel Settle, will spend the week-end in Los Angeles with Mr. Settle's brother-in-law and sister, Mr. and Mrs. Lewellyn Sharrah. Miss Settle will go to Long Beach, where she will be the guest of Mrs. Louisa Beatty.

Mr. and Mrs. W. W. Horak and family drove down to Long Beach Thursday evening and returned this morning, being accompanied by the Maud Nisley and Alice Sheneberger of Long Beach and Mrs. Claude Stocker of Cedar Rapids, Iowa. Tomorrow others will come up from Long Beach and the Horaks and their guests will spend the week-end and holiday at Camp Baldy.

Mehl Roddick and daughter, Miss Mildred, formerly of Highlands, left Saturday night for Mariposa and brought home Wednesday Mrs. Roddick and Virginia and Jack, they having spent a delightful three weeks with friends and Mrs. Roddick's uncle, J. W. Waggoner, at their ranch homes in the Mt. Burkingham district of Mariposa. Mr. and Mrs. Roddick and children and Mrs. Waggoner spent Monday at Yosemite and the Mariposa big trees.

—In and Out of— Upland Shops

Too hot to move, too hot to even think—we know it—but a dip in the plunge in a Jantzen swimming suit will make you feel like a new person—close out prices at Reynolds-Harnish Co.

We have had our summer clearing and have on the one-half price table bargains such as these: Stamped, Ready-Made Everlast Dresses for Ladies, regular \$3.95, now \$1.50; Dresser Scarfs, Card Table Covers, Luncheon Sets, Children's Dresses, Stamped Print Aprons, Table Runners, Pillows, and numerous other articles.—Upland Art Shoppe, East Ninth street

Bath Towels and more bath towels—good weight—good size—colored borders, 29c each or 4 for \$1.00.—Reynolds-Harnish Co.

The money you spend in Upland stays in Upland, and money made here should be spent here.

The Tulip Cafe will close Saturday and re-open in time to serve breakfast Tuesday morning.

Just one more day to save your dollars at the Reynolds-Harnish Summer Clearance Sale—Sat., Aug. 31.

Shopping in the Upland stores enables you to get what you want and you can be assured that any local merchant will back up anything he sells.

Making blanket history at the Reynolds-Harnish Co.—still a good range of colors in both part wool—and all wool. Remember the price, \$3.75, \$5 and \$7.75.

Relief Provided For Aged Needy, Blind

All plans have been completed for administering the new legislation giving state and county relief to needy aged and blind persons in California.

In all cases that have been investigated, it was announced, payments to the blind will start at once. The bill providing relief for aged persons, however, does not permit payments until January 1, next.

The bill for needy aged permits the payment of an amount not to exceed \$30 a month to all who are eligible for aid. The bill for needy blind permits the payment of an amount not to exceed \$50 a month to all able to qualify. Payments are divided equally between the state and county.

The department estimates that between 4,000 and 5,000 applications for aid have been filed by aged persons and that it will be necessary to give aid to about 3,000 blind. Applications by both blind and aged should be made to the auditor of the county in which the applicant resides. The eligibility of each applicant will be determined by county agents. In counties having no social workers, however, it will be necessary for the state to make investigations.

Persons applying for aid under the needy aged bill must be at least 70, must have been American citizens for fifteen years, and have resided in California fifteen years and the county one year. They are not eligible for aid if they own property worth more than \$3,000 or have any children legally responsible for them and able to support them.

The total income of needy blind persons may not exceed \$1,000, inclusive of the state aid funds. Applicants must be over 16 years old, unable to support themselves and be without relatives able to take care of them. They must have become blind after entering the state, or if blind before coming here must have been in California ten years or more.

An appropriation of \$50,000 for a new workshop and salesroom for blind persons engaged in vocational pursuits in Los Angeles will become available at the same time the bill providing aid for blind is effective. Director Heron expressed the hope that this would serve, in time, to cut down the number of blind persons dependent on the state for help, by making them self supporting.

"No Change"—By the Commander

Of course, we fellows have to shear off the Hanging Gardens so's to keep the Old Chin sort of approachable and non-irritating. However, the cock-eyed world knows no better system of investin' it's spare change than Sipping Soul-Satisfying Sodas at MAC'S FOUNTAIN OF YOUTH.

No—wouldn't say The Fountain of Youth is a "SPEAK EASY," but the Gang all say—You don't have to holler YOURSELF HOARSE to get your heart's desire in something good—cold—and soul-satisfying—with a dash of service and a SMILE thrown in.

ON THE ICE—waiting for you— MAC'S MOVIE STAR SOUVENIR SPOON SUNDAE

Here's how—The GIRRULS of The Trusty Crew have created a Handsome and Powerful SUNDAE—bounteous and beautiful to behold—and exceedingly gratifying to your singed senses. In this we slip a swell Souvenir Spoon each engraved with the picture and name of a prominent MOVIE STAR.

MOVIE STAR SUNDAE—SOUVENIR SPOON and all is 35c.
—MAC SAYS SO!

Another gross of Dr. West's Tooth Brush and Tooth Paste combination—both for Fifty Cents.

Keep close to the Ice Chest, Brothers! Quart Bricks of Perfection Ice Cream—wrapped in paper—at The Fountain of Youth—and Quarts of slenderizing "HOLLYWOOD" in BULK for 39 Cents—gives everybody a chance to make Whoopee.

—MAC SAYS SO!

Cheerfully yours,

MAC THE MEDICINE MAN, Inc.

Let Your Walls
Reflect This
MODERN AGE

Have them papered in all the newest modernistic designs, form angles to sprightly and charming all-over designs done with a light pleasant touch. Our new 1930 line mirrors the desire of people of good taste to get away from the old conventional designs of the latter day period. It will pay you to look through our samples and stock.

MANKER & BENSON

242 East Ninth St.

Phone 314

WE would never think of going about our daily tasks clad in the styles of years gone by. Neither would we consider driving around in an old-fashioned gasoline buggy or riding an antiquated "bicycle built for two." The very thought seems ridiculous! Yet how many people are living today in homes and surroundings dating back to their grandparents—without the least consideration given to the many improvements to be obtained through modern home construction. and begin to enjoy the comforts and pleasures that are the results of new methods in building and decoration.

**Your Car—
Does It Meet the Test?**

Do you worry about the car while traveling miles from home? Does it knock? And do you have to stay nearby because you can't depend on the engine and the running gear?

Leave your machine here. You can depend on us to put it in excellent running condition. We are proud of the fact that our workmen are always faithful and dependable and the charges will not be a cent more than what it actually costs.

MERCHANTS SCORE
IN TWO GAMES

Woodmen Easy Victims in Tuesday, Wednesday Clashes

LEAGUE STANDING

GP.	W.	L.	P.C.
Growers	13	10	3.769
Merchants	13	9	4.692
Woodmen	15	7	8.488
Alta Loma	13	5	8.384
Cucamonga	13	5	8.384
Etowah	13	4	9.307

Two games in two successive nights and making a total score is the record of the Merchants.

Woodmen fell with a score of 15 yesterday night and Woodmen the victims Wednesday night of 15 to 1.

Voth struck out four in Tuesday game and 10 batters in the second game. He led a home-run to this recording out a four-base clout second inning of the Etowah game.

Effect of the season apparently on the Merchants. In the end of the season, the Merchants scored couple of runs almost every in the final frame, how they scored five runs.

Far to this procedure, the Merchants in the Woodmen game, the session with eight runs last inning.

A victory to the Merchants, due to ragged playing of their opponents.

In what looked like their style of the season, Etowah scored ten times Tuesday.

The Woodmen did even by miffing 12 times.

WALTONIAN IDEALS OUTLINED FOR CLUB

David L. Vashinder Tells
Lions of Projects Being
Sponsored Here

By J. E. Sargent

David Vashinder was an interesting speaker at the Lions club luncheon yesterday noon and gave valuable information concerning the workings of the Isaac Walton league of which he is president of the Orange Belt Council.

The chief object of the organization is the preservation of the wild life of the country whose economic value is very much more than most people realize.

The members of the organization stress the enforcement and assist in the enforcement of the game laws with the principal object in view of educating the offender rather than punishing him.

A few years ago about 1500 Chinese Pheasants were released in the Chino district, and it is estimated that nearly 15,000 are now there. The fact that the food of these birds is about 90 per cent worms and bugs make them also the friends of the farmer.

The efforts to stock the streams with fish here have not met with such success. But with the experience gained by successful private clubs in raising fish, it is assured that stocking the pools in the canyons with somewhat larger fish to be released some at a time during the season could easily be accomplished by the state.

Answering the argument against such a course, the speaker assured us that there is no pollution of the stream to dread and no tax levy, as the entire expense is taken from hunting and fishing licenses. It is surprising to all to learn that the amount spent and put into circulation in hunting and fishing over the state is greater than that brought by the whole citrus industry of the state.

J. F. Sawyer was the chairman of the day and visitors were R. J. Tobey and Earl Vickery of Ontario and Clyde Duncan of Upland.

The "Big Parade" Starts Saturday At Sacramento

Credits	7,618.91
Net Cost	\$143,953.54

The Chaffey budgets are worked out on a much fuller basis than the state requires. Below are presented the two budgets for the fiscal year 1929-1930 according to the segregations required by the state:

Chaffey Junior College Budget	
General control	\$ 1,000
Teachers' salaries	91,000
Other expenses of instruction	7,000
Library	5,000
Operation of school plant	6,000
Maintenance of school plant	0
(Paid by high school)	
Fixed charges (rental to Chaffey U. H. S.)	40,000
Capital outlays	25,000
(Note 1)	
Auxiliary Agencies and Sundry Activities	5,500

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose. Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store.—Mac the Medicine Man.

School (1)	3,120
Piedmont Junior High	
School (1)	1,060
(1) Note—The junior high school form of organization has been established for the Chaffey district. Chaffey will pay teachers' salaries in those elementary districts where it is desired; this applies to 7th and 8th grade or junior high school teachers only; each district reimburses Chaffey for this.	
Chaffey Union High School Budget (Combined for the 8 Schools)	
General control	\$ 1,000
Teachers' salaries	251,350
Other expenses of instruction	19,750
Library (including text-books)	
Operation of school plant	
Maintenance of school plant	
Fixed charges	
Capital outlays	
Auxiliary agencies and sundry activities	
Laboratory supplies	
Total (1)	\$37,000
(1) Note—Of this total an approximately \$50,000 will be transferred from the junior college while approximately \$48,000 will be transferred from those elementary districts that wish the junior high school advantages.	

Home Financing

The Equitable Home Loan Plan is perfection itself. It leaves the home absolutely free of debt—no mortgage or anything—and it also returns to your beneficiary ALL THE MONEY PAID IN ON THE PRINCIPAL—should you die before the completion of payments!

When re-financing, consider your wife and children. Come in and get acquainted with this common-sense method.

It is simply amazing how it has "caught on" in Upland, and there must be a reason.

SAVE WITH ICE

The Secret of GOOD Refrigeration

COLD alone does not keep food fresh. But ICE in a good refrigerator keeps air cold enough without being too cold, dry enough without being too dry, moist enough without being too moist. And it promotes constant circulation of air which eliminates food odors and prevents unappetizing interchange of food flavors.

Good refrigerator necessary

To get all the advantages of ICE, be sure that you have an ice box that is scientifically planned, tightly fitted together and well insulated.

We shall be glad to help you select a good refrigerator, and then assume full responsibility for keeping it well iced.
